

# Saturn InkJet Systems

## High Function And Low Cost In Saturn Microdot® Small Character InkJet Printers

Special print head design delivers a wide selection of character fonts and sizes. The compact print head can be mounted in any location and also prints on non-flat surfaces.

*"If you can make it –  
Dell can mark it."*

*Send us your part  
and print for a  
no obligation  
evaluation.*

## Long Running BarCode & Character Printing

- Reliable System Design**  
 Save on power, maintenance and consumable costs.
- Robust IP65 Grade Stainless Steel Cabinet**  
 Saturn is fully sealed and engineered for smooth operation in harsh industrial environments.
- Advanced Ink Circulation System**  
 The small volume (70ml) ink circulation reduces waste and improves operations with non-stop ink and solvent replacement
- Versatile Ink Supply Capabilities**  
 Dell inks and solvents are production proven and suitable on any material. Special formulations are available to customer requirements.
